Dpanquan Smart Contract Audit Certificate

Audit number: DP20200717FOUR

Hereby certify: 0x4730fB1463A6F1F44AEB45F6c5c422427f37F4D0

The contract code meets the following standards:

[Standards of Dpanquan Contract Audit]

The scope of certification are as follows:

1、Asset risk caused by technical vulnerabilities (integer overflow/ improper permission control, etc.)

2、Risk of additional issuance due to business design defects (high authority issuance/unexpectedly bypassed during the lock-up period)

3、Moral risk of asset loss due to excessive user authority in the contract (Users arbitrarily destroy/ transfer assets, etc.)

4、Other technical high-risk coding defects

Audit date: 2020.07.17

Statement: We will conduct long-term monitoring of the operation of the contract, yet we recommend that the contract conduct regular security audits because of the development of attack technology and the blockchain industry.

Audit Result: Passed
